SUMMARY

Seeking an entry-level opportunity with an esteemed organization where I can utilize my skills and enhance learning in the field of work. Capable of mastering new technologies.

WORK EXPERIENCE

› ASSOCIATE SOFTWARE ENGINEER MARCH 2021 – PRESENT

MAQ Software | Mumbai

Working as a full-stack developer on a web portal that gives custom viewing experience for "Financial Power BI reports", integrated with many high-end features that provide a solid user experience.

› FULL-STACK DEVELOPER JAN 2021 – FEB 2021

KKLCMS Hospital | Palamu, Jharkhand

Built a hospital management system integrated with management features for both patients and hospital staff.

› FRONTEND DEVELOPER OCT 2020 – NOV 2020

Zinnia - Voice of child | Ranchi, Jharkhand

Designed and developed a website for the organization. Also, worked on search engine optimization.

PROJECTS

› RESUME BUILDER JAN 2021

- Created a web interface to make resume building easier
- Designed nine resume templates, added customization options
- Implemented hashing and added Cloudflare for DDoS protection
- Over 1000 students and professionals built their resumes in a span of 4 months

› TIME-TABLE MANAGER - CHROME EXTENSION AUG 2020

- Created a chrome extension to store, view, and manage timetables for online classes
- Used Local Storage for persisting user data
- Learned to build and publish a browser extension
- 150+ installs in both Google Chrome and Microsoft Edge

› CERTIFICATE GENERATOR OCT 2019

- Language Used: PHP, MySQL, HTML, CSS, JavaScript
- Created a web interface to generate certificates based on details provided
- Learned to fetch browser and user-agent information
